

Lakie's Weekly Grade 7 Task List

Hey Gators, please find your tasks to be completed this week.

Week of: May 11-15th

Math:

We're starting a new chapter this week on **Solving Equations**. This chapter builds on the topics and skills from the previous chapter. I have intentionally kept this week's tasks smaller in case there are those of you who need to catch up on or revise some things from the previous chapter.

This week has two tasks:

- **Ch11 – Solving Equations – Task 1**
 - A PowerPoint with daily tasks
 - In the PowerPoint, there are linked videos/exercises in **Khan Academy**. When logging into Khan Academy, remember to login using Google and use your school email address. Even if you forget your login information, you will still be able to access the videos from the links provided in the PowerPoint.
- **Ch11 – Solving Equations – Check In 1**
 - Please complete **Task 1 BEFORE attempting Check In 1**
 - I will post this on Tuesday, so you have at least one day to go through **Task 1**.

There will also be daily Zoom meetings for you to attend if you would like some extra support.

Science: NEW UNIT! We are starting Unit 5-Planet Earth! 😊

This week in science I am doing a ONE-STOP-SHOP! Please **DO NOT START THE ASSIGNMENT BEFORE READING INSTRUCTIONS!**

I put everything for the week into one LARGE assignment. **Before you try the assignment you need to read the Unit 5-Topic 1 Textbook pages or NOTES FIRST!** Those will be in the FILES section. This is not the type of assignment that you open up and then come back to later. **You will need to budget at least an hour working on it in one sitting.** It is both a lesson and assignment at the same time. There are 24 questions with videos, links, and pictures that ask you to explain various topics.

I will not open up the Assignment until Tuesday to give you time to do the reading. The topics are FUN! Volcanoes, Earthquakes, Plate Tectonics, Glaciers and other things. I have also uploaded a Bill Nye video on Earthquakes and Volcanoes for your viewing pleasure.

Wellness:

Good Morning Gators!

We hope you had a restful Mother's Day weekend and were able to share in special moments with family, friends and loved ones near and far.

With the month of May well under way, we know that you are working hard to keep that motivation up. Some days may feel harder than others, when you don't feel like doing the work, where you are digging deep to get your grit on. Check out these lyrics to help keep that motivation up! [Dear Hard Work](#)

With the ongoing impact of COVID-19, we wanted to share a beautiful video of Andra Day performing [Rise Up](#) during One World: Together At Home, to thank all of our front line workers and service providers, many of whom are our parents, family members and friends. We thank you! We are appreciative for all you do!

We wanted to remind our Lakie family that even though we are physically apart, we are in this together, we are strong and we will rise up! If you or your family are in need of support of any kind, please reach out to us.

Keep connected, be well and stay safe,

Your Lakie Wellness Team
