

Lakie's Weekly Grade 7 Task List

Hey Gators, please find your tasks to be completed this week.

Week of: May 20-22nd

Math:

We're continuing with Chapter 11, **Solving Equations**. The format of the tasks this week will look very similar to last week.

This week has two tasks:

- **Ch11 – Solving Equations – Task 2**
 - A PowerPoint with daily tasks
 - In the PowerPoint, there are linked videos/exercises in **Khan Academy**.
- **Ch11 – Solving Equations – Check In 2**
 - Please complete **Task 1 BEFORE** attempting **Check In 1**
 - I will post this on Tuesday, so you have at least one day to go through **Task 1**.

Also, remember that the Math Zoom schedule is changing a little bit.

There will be a general Zoom on Wednesday, but the Zoom for Thursday and Friday will be by invite only. Here is the link to the form to request an invite to the extra Zoom meetings:

Science: It's BOOM TIME!!

This short week will be a fun week! I promise! You will be responsible for doing a short science demonstration from home. You need to record it to prove you completed the task. You can submit your completed demo in ASSIGNMENTS in Teams.

I will put a few homemade volcano or other easy demonstrations with common household items. **We are about to blow the cap off a teacher's diet Coke in a prank!**

PLEASE REMEMBER TO DO YOUR EXPERIMENTS EITHER OUTSIDE OR BE PREPARED TO CLEAN UP IF YOU DON'T DO THEM PROPERLY! I will do a couple of the demos in a video and upload it for you to see. My Mentos & Diet Coke prank is epic!

This is hands-on science, and it is an easy project! The perfect remedy after a LONG WEEKEND AND PD-DAY!
